### PARK ON CRAB ISLAND.

A Memorial to the Dead in the Battle of Plattsburgh Proposed.

Washington, Dec. 12.—A bill has been introduced in the House of Representatives by Representative Flack of the 20th New York district providing for the creation of Macdonough National Military Park on Isle Saint Michael, known as Crab Island, near Plattsburgh, N. Y. The park is intended to be commemorative of the victory won by the American fleet on Lake Champlain under Commodore Thomas Macdonough, September 11, 1814, the dead from which were buried on the island. The sum of \$20,000 is appropriated for the purposes of the bill and to erect a suitable monument on the island, the names of the American dead to be inscribed thereon, so far as known. The supervision of the park is placed under the secretary of war, and directly under the commanding officer at Plattsburgh barracks.

School Boys and the Cigaret.

The school board of Winona, Minn., has taken official recognition of cigarette smoking by the pupils and will punish all offenders.

The board of education of Zanesville, Ohio, has asked the aid of Justice Jerome of the juvenile court in a systematic investigation and definite action toward checking the cigarette evil.

The school board of Red Wing, Minn., realizing that "there is a very close connection between the use of tobacco and the character of the work done," has resolved to prosecute violators of the anti-cigaret law.

The principal of the Jamaica (L. I.) state normal and the superintendent of the Jamaica public schools, recognizing the dangerous effect upon the brain from the early use of tobacco, have appealed to the public, especially parents of the boys, to aid in the work of breaking up this habit, their desire being to avoid prosecution of the boys.

Thorold, Ont., public school board has been requested to take immediate action against the cigarette evil, "that the physical and intellectual manhood of the boys of tender age may no longer be impaired and their future usefulness as citizens minimized or destroyed."

The principal of Hoboken (N. J.) high school and the principals of the grammar schools, realizing that the "pupils' brains are affected by the habit," are working hard toward the solution of the cigarette problem.

Publicity is the best thing to be thought of for a beginning. . . . If so large a proportion of American school-boys are secretly saturating their tender systems with the essence of that poisoned preparation of tobacco which the cigarette makers are alleged to use, the sooner the public knows all there is to be known about it the better.—New Haven (Conn) Palladium.

Public opinion in South Australia is alarmed at the spread of the cigarette evil to the extent of introducing a bill in the House of Assembly to prevent the sale and manufacture after July 1, 1906, of "cigarets, cigarette tobacco, or cigarette paper."

### WORSE EVERY YEAR.

Many Of Barre Readers Have The Same Experience.

Don't neglect an aching back. It will get worse every year. Backache is really kidney ache. To cure the back you must cure the kidneys.

If you don't other kidney ills follow—Urinary troubles, diabetes, Bright's disease.

A Barre citizen tells you how the cure is easy.

Norman York of 14 South Main Street, says: "When living at 2 Pearl Street in the Winter of 1897, a gentleman called upon me and asked my opinion of Doan's Kidney Pills and to allow him to have the same published in our Barre papers. I consented and told him for five or six years I had been annoyed with my kidneys, caused, I thought, by a strain. There was no doubt about the pain, but when there was added to it annoyance from the kidney secretions I was positive some disturbed action of the kidneys existed. If I stooped to lift it was with the greatest difficulty I could regain an erect position. Well, in spite of that, a continuation of the treatment of Doan's Kidney Pills, procured at E. A. Drown's drug store, stopped the attack. Since then I have never lost an opportunity of recommending the preparation to friends and acquaintances and I know of a great many who have taken a course of the treatment, obtaining positive benefits."

Sold by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

per with the state of South Australia.

Cigarets have been tabooed by the chief of the fire department in Seattle, Wash., and a notice to that effect posted in every engine house throughout the city.

A mass meeting of students and citizens was held in the Iowa City (Iowa) high school auditorium for the purpose of organizing toward "stamping out the weed," prominent business men, doctors and lawyers denouncing the growing evil.

The Ministerial Association has sounded a note of warning to the business men of Weatherby (Pa.) who sell cigarettes to minors.
